

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablespoonful of Salts if Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog, and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid, so is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful, effervescent, lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

Diseases of Children

I find worms one of the most common of children's diseases—either pinworms or stomach worms. These parasites make their presence felt through deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripes and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 60 years Dr. Tru's Elixir, the Family Laxative and Worm Expeller, my father's discovery, has been the standard remedy for worms, stomach disorders and constipation, both for children and adults. Mr. Wm. L. Wylie of Houston, Texas, writes: "I want to say that Dr. Tru's Elixir is certainly a fine medicine." At all dealers', 35c, 50c and \$1.00.

IN BOSTON MARKETS.

Demand for Butter is Far from Sharp—Not Much Fine Fresh Stock.

Boston, Jan. 12.—There is no special change in the local butter, cheese and egg markets from last reports. Demand for butter is far from sharp, and while there is not much fine fresh stock on the market, there is enough for wants, and prices cannot be raised. A good movement of storage butter is noted, but this is due largely to the fact that holders are liquidating and naturally make prices low enough to be attractive. The market outside of fine fresh goods is a good deal of buyers' affair. The cheese market continues firm under the influence of strong foreign markets and a steady export demand. There are all the eggs that are wanted and prices are merely steady.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, no good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

Many are sick with the grippe or hard colds. Five of the students are ill at their rooms and some are under the doctor's care. At this writing Prof. Kibby and Mrs. Savin of the faculty are out of school because of hard colds. Mr. Meigs is just recovering from an attack of the grippe and Mr. Green is suffering from neuralgia.
